Farm!

## Maryland's Small Acreage Cover Crop Program

Applications Accepted Through May 26, 2023

Applications are now being accepted for Maryland's 2023 Small Acreage Cover Crop Program. Now in its second year, this financial assistance program is for urban and small-scale producers who typically do not qualify for traditional cover crop programs. New this year, we've opened up the program to more growers and raised our funding cap.

### WHAT'S NEW IN 2023

- Financial assistance for this program has been raised to **\$1,500** per grower, per year.
- Growers who **plant less than ten (10) acres of qualifying cover crops** (cereal grains or cover crop seed mixes) may apply for our grants.
- Both summer and winter cover crops are eligible.
